Letter No. 53 dated 14th Dec 1892 -
from the Superintendent
of Inam Settlements in Mysore

With reference to an
enquiry made in June 1892
in regard to the services
of the officials of the Inam
Deptt being utilized in
the Compilation and revision
of the final Quit Rent
Registers, the Inam Supdt
intimates that ~~with the re-~~
~~-tabulation under heads~~
for two officials
~~at present~~, it would take
& 6 months
nearly two years, to complete one
set of Registers and that
+ 2 copies should at least
be prepared. ~~Which means~~
~~an addition of another 2~~
~~years and 6 months.~~

+ 1 copy for Inam Office
1 copy for Devasam's Office

2. He further states that owing to extra work ~~[illegible]~~ imposed on him by the Muzarai and Local Boards Department, the work in arrears in his Office cannot be finished even at the close of the year 1892/93 as contemplated in Govt. Proceedings No. 3007/20 dated 20th May 1892: and that as he has come to the conclusion that the plan of absorbing the Inam into the Survey Department cannot be carried out until the close of the year 1893/94. he will submit the Inam Budget Estimates as usual. to the Comptroller, unless he is otherwise directed.

as a separate one ~~until~~ until

~~Inam Inspectors Inam Officers~~
~~Collectors Revenue Officers~~
~~are required for the Inam~~
~~Work~~. It is respectfully submitted
that whatever may be the
trouble and expense involved in correcting
the Final Quit Rent Registers,
it is highly desirable that
a correct Standing Record
of what has been done during
the existence of the Inam Dept.
should be maintained, and
this can only be in the Shape
of the Final Quit-rent Registers
which are often referred to
in connection with the disposal
of Inam questions, and
now found defective in consequence
of the territorial changes,
the introduction of the Survey
Settlement, the revaluation
of Inam Villages as well as
the settlement of Inamdars in
Minor Inams, &c. As it is,
the present Register is only
nominal and does not

yes Sir

even give the correct area and valuation of an Inam confirmed by the Inam Department.

5. There are already 7 Officials in the Department and if 4 of them are employed in revising the Registers under proper supervision, ~~two copies~~ one copy can be ~~got through~~ completed in about twelve months. It will then be a question as to where the copy required for the Dewan's office should be made. In this, I would respectfully submit that if the Inam Superintendent should arrange to send the Registers of each Taluk as revised, a copy of the same will be made in this office and then forwarded on to the Deputy Commissioner of the District concerned who will be requested to

I think that as each District Register or Taluk Register is finished in the Inam Dept the Shanbogues of that Taluk may get the same - -mined & the Headers of that Taluk & Segunes

to take a copy for his office record and then return the original to the Superintendent of Irrigation Settlements. Thus the work can be easily got through without much trouble and expense to the State.

Submitted for orders.

7. In Proceedings No 1456 2-3 2.35 dated the 25th February 1893 ~~the Govt passed final orders~~ ~~Govt~~ it was stated that the Inam Deptt should continue to be a separate Deptt till further orders; that the original settlement Regrs should be kept in the Inam Supdts office till the abolition of the office when they may be transferred to the Dewan's office; that revised Quit Rent Regrs need not be printed, 2 MSS copies being sufficient, one to the Distt office and the other to the Taluk, and that necessary Establishment

for this purpose costing about Rs 4,200 may be entertained to complete the work within the end of 1894. The Supdt ~~in Conclusion~~ was also requested to submit a form of the revised Unit Rent Regr for approval of Govt

8. In his No 68 dated the 16th March 1893 the Inam Supdt. submits a report on the preparation of the revised Unit Rent Registers. He thinks that these Unit Rent Regrs are not absolutely necessary. While their compilation will require an estt of from Rs 250 to Rs 300 per mensem. He did not contemplate this in his No 53 but that the existing Registers would be corrected and amplified Col. Grant gives details of this work now supplied to the

the Revenue authorities by the Survey and Inam Depts. Appendix marked A "Taraf Patrik" showing settlement made of Minor Inams is furnished by the Survey, which he submits is identical with that is wanted by Govt.

Appendix marked B settlement of Whole Inam Villages is sent by the Inam Departt. The frequent territorial changes should scarcely necessitate the preparation of revised Quit rent Registers. Copies can be furnished by one Taluk to another. References on the subject made to the Inam Depts are not numerous and can be disposed of as quickly and easily as possible. These Quit Rent Registers are not prepared in the Bombay

Presidency the main object sought being the incorporation of the Drain and Survey settlement in the Revenue Accounts and the Issue of Title Deeds to Draindars.-

In Conclusion the Supdt submits that there are some points admitting of improvement in the Statements sent to the District which he states he will carry out.

Submitted for orders

Attention is respectfully invited to para 4 of this Memo: from which it will be seen that the information embodied in the Final Quit Rent Registers sent to the Government Office from time to time is so very defective that any little information that maybe required in this Office has to be obtained on references from the Drain Department.

Final QR Regrs are rec'd from the Settlt Regr & this from the Collr that he wants the Drainage Accts & the Drainage Plans

The object with which the revision of the Register in Serial No 1 was suggested, was that a

complete set of the Final.
Quit Rent Registers may
be maintained in the Government
Office for reference and record.

To,

The Chief Secretary to the Government
of Mysore

Sir,

I have the honor to acknowledge the receipt of Government Proceedings-order No. 14562-3 / R 7.235 92 dated 25th February 1893, directing the continuance of the Inam Department until further orders, and laying down certain directions on the subject of preparing Revised Quit-Rent Registers.

2. The orders of Government, as above, are very definite, but I hope, nevertheless, that I may be excused, if I offer a few remarks for the further consideration of Government, believing, as I do, that these Quit-Rent Registers are not an absolute necessity, while their compilation will require an establishment of from Rs. 250 to Rs. 300 per mensem whilst the

work

work lasts. Moreover, in my letter No. 53 of the 14th December last, I did not contemplate the preparation of these Registers "de novo", but merely that the existing Registers would be corrected and amplified.

3. I do not think that Government is fully aware of the extent to which the Revenue authorities are already being supplied with information by the Survey and Inam Departments respectively. This I will briefly explain.

4. I append two Specimens, marked A, of the "Jaraw Patrak" furnished by the Survey, showing the settlement made of Minor Inams by the Inam Department and the allocation of the same by the Survey Department. Both Specimens are identical, but one is intended to illustrate this letter, the other being simply a blank form of the "Jaraw Patrak" as sent to the District. I think it will be admitted that this Statement is very comprehensive, containing indeed the very

very information Government declares to be so necessary. The information it contains is of course brought on to the village accounts; if it is not, the fault lies with the Revenue Authorities.

5. By the Inam Department a Statement (marked B and attached) of the settlement of whole Inam Villages is sent to the Revenue Authorities. The Statement is wanting only as regards the dates, on which Title-Deeds were issued.

6. What constitutes the real difficulty is the unfortunately frequent territorial changes which have occurred, but this should scarcely necessitate the preparation of revised Quit-Rent Registers. Copies for transferred Villages can be furnished by one Taluk to another.

7. No doubt references have to be made now and again to the Inam Department, but they cannot be said to be very numerous and quickly and easily disposed of.

J

8. I may mention that in the Bombay Presidency no such Quit-Rent Registers, as those now contemplated are prepared the main object sought to be attained being the incorporation of the Inam and Survey Settlement in the Revenue accounts and of course the issue of Title-Deeds to the Inamdars themselves.

These points, I submit are very fairly met by the present system in Mysore.

There are probably some points admitting of improvement in the forms in which the Statements prepared by the Survey and Inam Departments are sent to each District. I shall endeavour to carry out in this respect whatever Government may direct but as regards the main subject of this letter, viz; the preparation of revised Quit-Rent Registers, I feel it my duty to point out to Government that in my opinion it is not necessary to undertake such expensive work.

I have the honor to be

Directing, with certain remarks, that the Inam Registers need not be revised, and that information given in A and B statements is accurately brought on to Village Accounts.

Mysore Govt. C. Press, Bangalore.—2-11-93.—120.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd October 1893.

READ THE FOLLOWING PAPERS :—

(1). Inam Superintendent's letter No. 53, dated 14th December 1892.

I have the honor to reply as follows to the enquiries made in your letter No. 4358—30 of the 7th June 1892, regarding the revision of the Final Quit-Rent Registers pronounced in their present form and scope to be defective.

2. The first question which arises is whether it is contemplated to revise and re-print these Final Quit-Rent Registers, or whether it is intended that the present printed copies should be amplified in manuscrip The latter course, I presume, is intended, as reprinting entirely fresh would require much time, labor and expense.

3. The Inam Office, as you are aware, is on a very small scale, there being only 7 Officials, all told and it is of course obvious that any Official, to be of any use for the purpose now in view, must possess some fair knowledge of both English and Kanarese. I do not see any way, therefore, to employing more than two pairs of workers, for of course the men will have to work in couples.

4. Each pair of workers will, I think, be able to complete 1,000 cases per mensem, thus with the present strength only 24,000 cases could be got through in twelve months. There are roughly 60,000 cases in the Province, and therefore to complete the whole in one year just five pairs, or 10 men, would be necessary, that is, if only one copy be required.

5. It would be necessary, however, I fear, to prepare at least two copies of each Final Quit-Rent Register, one copy to be sent to the Dewan's Office and the other kept in the Inam Office, but to be sent to the District or other authorities to take copies as convenient.

6. The tenor of the present letter brings me to the Proceedings of the Government of Mysore Order No. 3007—20, dated 20th May 1892, in which it was ruled that the Inam Department should be allowed to continue under present arrangements until the close of 1892-93. No detailed orders were passed on my letter No. 32 of the 16th September 1891, which elicited the above mentioned Proceedings. In that letter at para 6, I pointed out that whether the Inam Department were merged in the Survey Department or continued on its present footing, the difference in expenditure would not be very great. The work which at Para 2 I stated I was sanguine might be completed by the end of 1892-93. I now find is not likely to be finished, although the year is now one of 15 months. The cause of interruption to regular work has been the preparation of a statement of Ready Money Grants resumed during the Inam Settlement for the whole Province (Muzarayi Secretary's No. 642—66, dated 14th October 1892) and also one of whole villages in which the Mohatarfa revenue has been reserved to Government (Government Proceedings No. 13357—L. 1351, dated 22nd February 1892).

7. Looking to the above facts and to the probability of the Inam Office hands being utilized as now suggested for the revision of Quit-Rent Registers, also to the existence of the large amount of work [heads (*a*) and (*b*) para 2 of my letter No. 32 of the 10th September 1892] which has to be carried out by the combined action of the two Departments, I have come to the conclusion that the plan of absorbing the Inam into the Survey Department cannot be carried out until the close of 1893-94. I shall therefore, unless otherwise directed, submit the Inam Budget estimate to the Comptroller as usual.

Letter No. 53, dated 14th December 1892, from the Inam Superintendent, reporting, with reference to Government Order No. 4358—30, dated 7th June last, that owing to the extra work imposed on him by the Muzarayi and Local Boards Departments, the services of the Officials belonging to the Inam Office could not be conveniently utilized for the work of compiling and revising the Final Quit-Rent Registers, and adding that the plan of absorbing the Inam into the Survey Department also cannot be carried out until the close of the year 1893-94, and that he would submit, unless otherwise directed, the Budget estimates to the Comptroller as usual.

No. 13457-8—R. F. 235-92, DATED, BANGALORE, 31ST JANUARY 1893.

ORDER THEREON.—Pending the final orders of Government on the subject, the Inam Superintendent will be authorized to submit the Budget estimates as usual to the Comptroller.

READ :—

Correspondence ending with the letter from Government to the Superintendent of Inam Settlements, dated 31st January 1893, No. 13457-8—R. F. 235-92.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 3rd October 1893.

No. 14562-3—R. F. 235-92, DATED, BANGALORE, 25TH FEBRUARY 1893.

ORDER THEREON.—The Government are of opinion that the Inam Department should continue to be a separate Department till further orders.

2. Under the circumstances stated by the Superintendent of Inam Settlements, the Government direct that the original Registers of the Inam Settlement be kept in the Office of the Superintendent of Inam Settlements till the abolition of his Office when they may be transferred to the Dewan's Office.

3. It is not necessary to print the revised Quit-Rent Registers. Two copies of the same should be prepared and sent to each District—one to be kept in the Deputy Commissioner's Office and the other in the Taluk—the office copy being retained in the Inam Superintendent's Office. The necessary establishment for completing this work within the end of 1894 should be at once organised and the work put on hand, the details of the establishment required being submitted to Government for its formal sanction.

4. A form of the revised Quit-Rent Register should be submitted for approval of Government.

5. The only other question which requires consideration is whether the original Inam Registers should not be copied fairly and a copy of the same forwarded to each Deputy Commissioner for reference. The necessity for this is not urgent, and the matter may be left to lie over for the present.

(4). Inam Superintendent's letter No. 68, dated 16th March 1893.

I have the honor to acknowledge the receipt of Government Proceedings Order No. 14562-3—R. F. 235-92, dated 25th February 1893, directing the continuance of the Inam Department until further orders, and laying down certain directions on the subject of preparing revised Quit-Rent Registers.

2. The orders of Government, as above, are very definite, but I hope, nevertheless, that I may be excused, if I offer a few remarks for the further consideration of Government, believing, as I do, that these Quit-Rent Registers are not an absolute necessity while their compilation will require an establishment of from Rs. 250 to Rs. 300 per mensem whilst the work lasts. Moreover, in my letter No. 53 of the 14th December last, I did not contemplate the preparation of these Registers "*de novo*" but merely that the existing Registers would be corrected and amplified.

3. I do not think that Government is fully aware of the extent to which the Revenue authorities are already being supplied with information by the Survey and Inam Departments respectively. This I will briefly explain.

4. I append two specimens, marked A of the "Taràv Patrak" furnished by the Survey showing the settlement made of Minor Inams by the Inam Department and the allocation of the same by the Survey Department. Both specimens are identical but one is intended to illustrate this letter, the other being simply a blank form of the "Taràv Patrak" as sent to the District. I think it will be admitted that this statement is very comprehensive, containing indeed the very information Government declares to be so necessary. The information it contains if of course brought on to the village accounts; if it is not, the fault lies with the Revenue authorities.

5. By the Inam Department a statement (marked B and attached) of the settlement of whole Inam villages is sent to the Revenue authorities. The statement is wanting only as regards the dates on which Title-Deeds were issued.

6. What constitutes the real difficulty is the unfortunately frequent territorial changes which have occurred, but this should scarcely necessitate the preparation of revised Quit-Rent Registers. Copies for transferred villages can be furnished by one Taluk to another.

7. No doubt references have to be made now and again to the Inam Department, but they cannot be said to be very numerous and are quickly and easily disposed of.

8. I may mention that in the Bombay Presidency no such Quit-Rent Registers, as those now contemplated, are prepared, the main object sought to be attained being the incorporation of the Inam and Survey Settlement in the Revenue accounts and of course the issue of Title-Deeds to the Inamdars themselves. These points, I submit, are very fairly met by the present system in Mysore. There are probably some points admitting of improvement in the forms in which the statements prepared by the Survey and Inam Departments are sent to each District. I shall endeavour to carry out in this respect whatever Government may direct but as regards the main subject of this letter, *viz.*, the preparation of revised Quit-Rent Registers, I feel it my duty to point out to Government that in my opinion it is not necessary to undertake such expensive work.
